

SPECIFICATION AMENDMENT

Paragraph from Page 1, lines 3 to 4 is revised and replace as follows:

BACKGROUND OF THE INVENTION

1. Field of the Invention

The subtitle, page 1, line 12 is revised and replace as follows:

2. Related Prior Art

The subtitle, page 2, line 22 is revised and replace as follows:

SUMMARY OF THE INVENTION

The subtitle, page 9, line 13 is revised and replace as follows:

DETAILED DESCRIPTION OF THE PREFERRED EMBODIMENTS

The subtitle, "INDUSTRIAL APPLICABILITY," on page 31, line 25 is deleted.

Paragraphs from page 32, line 1 to page 34, line 1 are deleted.

The entire specification has revised to correct the obvious errors and informalities contained in the original PCT application.

A substitute specification with a Declaration of Applicant for NO NEW MATTER entered and a marked version are hereby separately attached.
